SERVICE & WARRANTY POLICY

Effective Date: _____.

Last Updated: _____.

INTRODUCTION

At **Star Gallery Mart**, we are committed to providing high-quality products backed by robust warranty support. We understand the importance of ensuring our customers feel confident in their purchases, which is why we offer comprehensive warranty coverage on branded items to safeguard against manufacturing defects. This policy outlines the warranty terms, exclusions, claim procedures, and important details on repairs or replacements.

Our goal is to provide efficient and customer-friendly solutions for products that may experience technical or mechanical issues during their lifespan. We encourage all customers to carefully read the warranty guidelines below and to reach out to our support team with any questions or concerns.

1. Warranty Terms

At Star Gallery Mart, we pride ourselves on delivering high-quality, reliable products to our customers. To ensure confidence and satisfaction in your purchases, we partner with leading manufacturers that provide robust warranty coverage. Our branded products are backed by manufacturer warranties ranging from 1 to 3 years, safeguarding against defects in materials, design, and craftsmanship.

We understand that electronic devices, appliances, and smart home products are essential to your daily life, and any unexpected malfunction can be inconvenient. The warranty program is designed to provide swift solutions, including product replacements or repairs, at no additional cost for issues covered by the terms of the manufacturer's warranty.

Warranty Coverage

Our warranty program extends across a wide range of product categories to ensure that you receive long-term value and protection. Below are the key details regarding coverage:

1. Warranty Duration:

- The warranty period typically ranges from 1 to 3 years depending on the brand and product category.
- The specific warranty duration is outlined in the product's packaging, user manual, or manufacturer documentation at the time of purchase.

2. Eligible Product Categories:

The following product categories typically qualify for warranty coverage:

- **Electronics:**
  - Mobile Phones
  - Tablets and Laptops
  - Gaming Consoles and Accessories
  - Headphones, Earphones, and Audio Devices
- **Home and Kitchen Appliances:**
  - Blenders, Toasters, Coffee Machines, Irons
  - Hair Dryers, Shavers, and Personal Care Devices
- **Smart Home and Security Devices:**
  - Smart Doorbells, Security Cameras, and Networking Systems
  - Smart Plugs, Sensors, and Controllers

Scope of Warranty Coverage

The warranty offered through Star Gallery Mart ensures that customers are protected from unforeseen product malfunctions. Warranty coverage includes but is not limited to the following:

- **Manufacturing Defects:**
  - Faults or flaws in the design, assembly, or construction of the product.
- **Operational Failures:**

    - Product malfunctions that prevent normal operation and arise during regular, intended use.

- **Faulty Components:**
    - Internal component issues, such as defective motherboards, batteries, processors, or wiring.

- **Parts and Replacements:**
    - Full replacements of parts or entire products at no additional cost if the defect is confirmed to fall within warranty terms.
    - In some cases, the manufacturer may opt to replace the entire unit if the defective part is critical to the product's function and cannot be individually replaced.

- **Repair Services (Manufacturer Dependent):**
    - Certain manufacturers may offer repair services in lieu of replacement. In such cases, repairs will be conducted at authorized service centers to maintain warranty integrity.

Proof of Warranty Activation

Warranties are automatically activated at the point of purchase. This means customers do not need to manually register for coverage unless specifically instructed by the manufacturer. A valid proof of purchase serves as the official warranty activation document.

Proof of Warranty Includes:

- **Original Invoice or Receipt:**
    - Retain a copy of your purchase receipt or electronic invoice as it will be required to verify warranty coverage.

- **Order Confirmation Email:**
    - Online purchases will include digital receipts and order confirmations, which are equally valid for warranty claims.

- **Serial Numbers or Product IDs:**
    - Some products, particularly electronics, feature unique serial numbers that may be referenced to confirm eligibility for service or replacement.

Important:
Star Gallery Mart is not responsible for lost receipts or invoices. Customers are advised to keep a digital or physical copy of their proof of purchase for future claims.

Additional Notes:

- **Non-Branded or Generic Items:**
    - Generic products that are not covered by brand-specific warranties are subject to Star Gallery Mart's 7-day return or exchange policy but do not carry extended warranty terms.
- **Third-Party and International Warranties:**
    - For products shipped internationally, warranty coverage is subject to the manufacturer's regional policies. Customers are encouraged to check the manufacturer's website for international warranty specifics.
- **Out-of-Warranty Support:**
    - For products that have exceeded their warranty period, Star Gallery Mart offers limited troubleshooting and can direct customers to manufacturer service centers for continued support.

At Star Gallery Mart, we are committed to ensuring our customers enjoy peace of mind with every purchase. Our warranty policies reflect our dedication to quality and customer satisfaction.

2. Warranty Exclusions

At Star Gallery Mart, we are committed to honoring manufacturer warranties in full, ensuring that our customers receive the highest level of protection for their purchases. However, it is important to recognize that warranties are designed to cover manufacturing defects and product malfunctions—not all types of damage or product issues.

The following exclusions outline circumstances and conditions that fall outside the scope of warranty coverage. These exclusions help set clear expectations regarding the limitations of warranty services and the responsibilities customers have in caring for their products.

1. Accidental or Intentional Damage

Warranty coverage does not extend to damage that occurs due to accidents, negligence, or intentional misuse. Examples include:

- **Cracked or Shattered Screens:** Resulting from drops, falls, or collisions.
- **Physical Breakage or Dents:** Caused by mishandling, excessive force, or improper storage.
- **Scratches and Cosmetic Damage:** Surface scratches, dents, or blemishes that do not affect the product's functionality.

2. Misuse and Abuse

Warranties are voided when products are used outside their intended purpose or operated in ways that violate manufacturer instructions. This includes:

- **Overloading Appliances:** Exceeding maximum load capacities in blenders, mixers, or kitchen appliances.
- **Improper Setup or Installation:** Failure to install products according to provided guidelines or using incorrect voltage/power supplies.
- **Unauthorized Modifications:** Altering the internal components or exterior of the product in ways not sanctioned by the manufacturer.

3. Normal Wear and Tear

Over time, products naturally undergo wear and tear as a result of regular use. The warranty does not cover issues arising from this process, including:

- **Fading or Discoloration:** Natural fading or discoloration of plastic, rubber, or painted surfaces.
- **Surface Scratches:** Minor abrasions or scuffs that develop from routine handling.

- **Gradual Deterioration:** Decline in battery life, fabric wear on headphones or gaming chairs, and mechanical wear in moving parts.

4. Environmental and External Damage

Products that are exposed to harsh environmental conditions or unexpected elements may suffer damage not covered by warranty. This includes:

- **Moisture or Water Damage:** Appliances, electronics, or smart devices exposed to water (unless explicitly stated as waterproof).
- **Dust and Debris:** Internal or external damage caused by dust accumulation or exposure to excessive dirt.
- **Heat and Humidity:** Malfunctions resulting from prolonged exposure to extreme temperatures or humid environments.
- **Corrosion or Rust:** Due to exposure to saltwater, rain, or chemicals.
- **Liquid Spills:** Damage caused by food or liquid spills penetrating the device.

5. Unauthorized Repairs or Modifications

Any repair or modification performed by unauthorized personnel will immediately void the product's warranty. Examples include:

- **Third-Party Repairs:** Products serviced by non-certified technicians.
- **Tampering with Internal Components:** Unauthorized attempts to open, dismantle, or modify internal hardware.
- **Software Modifications:** Installing custom firmware or unauthorized software that interferes with the product's normal operation.

6. Loss, Theft, and Misplacement

The manufacturer's warranty does not cover products that are:

- **Lost or Misplaced:** Warranties do not cover situations where products are misplaced by the customer.

- **Stolen Items:** Warranties do not apply to stolen products. Customers are encouraged to secure their valuables through insurance policies.

7. Consumable and Replaceable Parts

Certain parts are considered consumables and naturally degrade over time. These components are not covered by standard warranty terms. Examples include:

- **Batteries:** Limited battery lifespan is not covered unless there is a manufacturing defect.
- **Light Bulbs and Filters:** Consumable components designed to be replaced regularly.
- **Cables and Chargers:** Replaceable accessories subject to wear over time.
- **Ink Cartridges and Printer Paper:** Consumables that require replenishment.

8. Warranty Expiration

Once the warranty period expires, products are no longer eligible for free repairs, replacements, or servicing.

- **Expired Claims:** Claims filed after the stated 1 to 3-year warranty will not be processed.
- **Out-of-Warranty Support:** Customers are encouraged to seek repairs at their expense or explore third-party repair services.

9. Force Majeure (Acts of God)

The warranty does not apply to damage caused by uncontrollable external events, including:

- **Natural Disasters:** Floods, fires, earthquakes, or other catastrophic events.
- **Power Surges and Electrical Issues:** Damage resulting from electrical surges, lightning strikes, or unstable power supply.
- **Civil Disturbances:** Riots, theft, or damage caused by external violence or unrest.

Important Notes:

- **Routine Maintenance:** Warranty coverage does not extend to regular product servicing or maintenance unless specifically mentioned in the product documentation.

- **Tampered Products:** Products that show evidence of tampering, removal of serial numbers, or missing labels will be ineligible for warranty service.
- **Partial Damage:** If part of the product is damaged or missing, only the defective component may be replaced—not the entire product.

For any questions regarding warranty eligibility or to confirm whether your issue falls under warranty, please contact:

- **Email:** support@stargallery.ae
- **Phone:** +971 6 577 9360
- **Website:** stargallery.ae

At Star Gallery Mart, we are here to assist you with warranty claims and provide guidance on keeping your products in optimal condition.

3. Warranty Claims Process

At Star Gallery Mart, we strive to make the warranty claims process as seamless and straightforward as possible. Our dedicated support team is available to guide you through every step to ensure timely resolution of product issues. Below is a comprehensive overview of the steps required to initiate a warranty claim, the documentation needed, and the typical timelines for processing.

Step 1 – Contact Us

To begin your warranty claim, please reach out to our Customer Support Team through one of the following channels:

- **Email:** support@stargallery.ae
- **Phone:** +971 6 577 9360
- **Live Chat:** Available on our website stargallery.ae during business hours.

Customer service hours: Saturday to Thursday, 9 AM – 7 PM (UAE Time)

For faster processing, please ensure you have all necessary documentation ready before contacting our team.

Step 2 – Submit Required Documentation

To facilitate the claim and verify eligibility, the following documents and information must be provided:

1. **Proof of Purchase:**
    - A valid copy of the original invoice, receipt, or online order confirmation.
    - This serves as verification of the purchase date and warranty activation.
2. **Product Details:**
    - Include essential product information such as:
        - Model number
        - Brand name
        - Serial number (if applicable)
3. **Detailed Description of Issue:**
    - Provide a clear and thorough description of the defect, malfunction, or issue encountered.
    - Include any troubleshooting steps you have already attempted.
4. **Photographic or Video Evidence (if applicable):**
    - Capture clear images or video showing the defect or damage. This helps expedite the assessment process, especially for visible physical defects.
    - If the issue is operational, provide a short video demonstrating the fault.

Step 3 – Review and Processing

Upon receipt of your claim, our warranty team will initiate the review process:

- **Claim Review:**

    - Our team will carefully assess the documentation to confirm whether the issue is covered under the manufacturer's warranty.
    - Claims are typically reviewed within 5 to 10 business days.
- **Eligibility Determination:**
    - If the documentation is incomplete, our team will contact you to request any missing information, which may delay the process.
    - If the issue falls outside warranty coverage (e.g., accidental damage), the customer will be notified with available options.

Step 4 – Resolution and Next Steps

After verifying eligibility, we will proceed with one of the following solutions based on the product's condition and availability:

1. **Product Replacement:**
    - If the defect is confirmed and cannot be repaired, a replacement unit of the same model will be provided.
    - In cases where the exact product is unavailable, we will offer a similar model of equal value.
2. **Store Credit:**
    - If the item is out of stock or discontinued, the customer may receive store credit equivalent to the product's original purchase value.
    - Store credit can be applied toward future purchases at Star Gallery Mart.
3. **Return and Refund:**
    - In rare cases, and at our discretion, customers may be eligible for a refund to the original payment method.
    - Refunds typically take 3 to 7 business days to reflect in the customer's account.

Important Notes:

- **Incomplete Claims:**
    - Claims missing key documents or details may face processing delays or rejection. Ensure all requested information is provided to expedite resolution.
- **Shipping for Warranty Claims:**
    - For defects reported within 24 hours of delivery, return shipping costs are covered by Star Gallery Mart.
    - For claims made after 24 hours, customers may be responsible for shipping costs associated with returning the product for assessment.
- **Warranty Limitations:**
    - The product must still be within the active warranty period at the time the claim is made. Claims submitted after warranty expiration will not be processed.
    - Replacement parts provided during the warranty process do not extend or renew the original warranty period.
- **Inspection of Returned Items:**
    - All returned products are subject to inspection. If the defect is found to be caused by misuse, unauthorized repairs, or damage not covered by the warranty, the return may be denied, or additional fees may apply.

Need Assistance?

If you encounter any difficulties during the claims process or have questions about warranty eligibility, please do not hesitate to reach out. Our customer support team is here to ensure you have a positive experience.

4. Repair and Replacement Policy

At Star Gallery Mart, we prioritize customer satisfaction by ensuring quick and convenient solutions for defective products. Our approach emphasizes replacements over repairs, allowing for faster resolution and minimal disruption to your daily routine.

No Repair Services Provided

To streamline the warranty process and avoid long repair timelines, Star Gallery Mart does not offer in-house repair services. Instead, we opt for direct product replacement when defects fall within the manufacturer's warranty terms.

- **Replacement Over Repairs:**
    - If a product is found to have a defect covered by the manufacturer's warranty, we will replace the item with a new or refurbished unit of the same model.
    - In cases where the same model is unavailable, a comparable product of equal value will be offered.

Replacement Guidelines

- **Partial Returns:**
    - If the product is returned incomplete (e.g., missing accessories, cables, or chargers), replacements will be issued without the missing components. Only the core unit will be replaced.
- **Product Availability:**
    - Should the exact model be out of stock or discontinued, store credit will be provided equivalent to the original purchase value.
- **Proof of Warranty:**
    - Customers must submit proof of purchase (receipt or invoice) to qualify for a replacement under warranty.

Non-Warranty Replacements

If the defect or damage does not meet warranty criteria (e.g., accidental damage, misuse, or expired warranties), customers may choose to:

- **Purchase a Replacement Unit:**

    - A replacement product may be purchased at standard retail pricing. Our customer service team can assist in finding suitable replacements.

- **Referral to Authorized Service Centers:**
    - For products that require repair outside the warranty period, we can recommend authorized service centers or direct customers to the manufacturer's official support channels.

Special Cases

- **Limited-Edition or Custom Products:**
    - For limited-edition products or items that cannot be replaced, Star Gallery Mart may provide a refund or offer store credit based on the product's original value.
- **Out-of-Warranty Support:**
    - For expired warranties, customers may still seek assistance through the manufacturer's extended service programs. We are happy to assist by facilitating direct communication with the manufacturer.

5. Service and Maintenance Plans

Currently, Star Gallery Mart does not offer extended service or maintenance plans. However, we strongly recommend that customers:

- **Utilize Manufacturer Warranties:**
    - Leverage the manufacturer's warranty to cover eligible defects or malfunctions.
- **Authorized Service Centers:**
    - For continued care, customers should seek authorized repair centers or official service networks recommended by the product's brand. This ensures products are serviced with genuine parts and remain eligible for future claims.
- **Routine Maintenance:**

- Customers are encouraged to follow the maintenance instructions provided by manufacturers. This can help extend product longevity and minimize the risk of avoidable defects.

Important Notes

- **Return Shipping for Warranty Claims:**
  - **Free Return Shipping:** Warranty claims made within 24 hours of product delivery may qualify for free return shipping.
  - **Customer Responsibility (After 24 Hours):** Claims initiated after 24 hours may require the customer to cover the return shipping cost.
- **International Warranty Considerations:**
  - For products shipped internationally, warranty coverage may vary by region. Customers are encouraged to review the manufacturer's international warranty policies prior to making a claim.
  - Some manufacturers may offer limited or no international warranty coverage.
- **Products with Expired Warranties:**
  - If the product warranty has expired, our support team can assist in contacting the manufacturer directly for repair, replacement, or upgrade options at the customer's expense.

For questions regarding warranty claims, replacement policies, or product servicing, please contact our **Customer Support Team**:

- **Email:** support@stargallery.ae
- **Phone:** +971 6 577 9360
- **Website:** stargallery.ae

At **Star Gallery Mart**, we value your trust and are committed to delivering exceptional post-purchase support to ensure long-term satisfaction with our products.
